December 7, 2018

Dear Chapel Hill Families,

Baltimore County Public Schools has adopted a new procedure which requires schools to evaluate the before and after child care programs at least every five (5) years. As part of this process, pre-qualified child care providers are offered an opportunity to submit proposals for a fair and equitable opportunity to obtain the contract with an individual school.

These proposals will be evaluated by a School Child Care Vendor Selection Committee of Chapel Hill Elementary parents and administrators that rely on these services. We will be sending you the committee's recommendation in March 2019 as we proceed through the process during January and February 2019. If you have any questions regarding this procedure, please email me at jhundey@bcps.org.

Sincerely,

Ms. H
